Chief Nagel Lt. Ball Sgt.
Appleton-Cpl. Zimmerman

Recieved a call from Mrs. Diedrick at the Kaukauna Motel that she would like a Officer to come out to the Motel and go into a room with her as she has not seen the people from this room since Sun. Sent Lt. Ball and car 80 to Motel. They called for Amb. Dr. and Coroner, sent same.

Mrs. Diedrick gave us a key, we opened the motel door. One subject lay on the floor with her throat cut. The cut was about 5" long, the ambulance was called when she was noticed breathing. They were both woman. The other subject lay in bed, she had been dead for some time. At 12:20 P.M. we started taking pictures, we started in the bathroom were we found razor blades. one blade was wrapped in a plastic-tissue and blood stained. The other razor blade lay on the floor in a pool of dried blood. There was blood on the sink and some on the toilet, and a trail led from the bathroom to bedside where the other subject lay, then to a desk, then to some suitcases in one corner and than finally to the open side of the bed where the subject lay at one time. The girl was found laying on her side of the bed on the floor in a pool of blood. The other girl lay dead in bed with a rosary wrapped around her hands, as if she were praying before she died. There was no sign of a wound, or any bruises on her body.

There was no evidence of a third party in the room. Everything pointed to a suicide pact between the two subjects.

Identification of the corpse was made by a brother, Father Alcuin, as that of his sister Sue Shutkovski.

In a later statement, Camilla Quinn verified that she assisted with the suicide, then attempted her own life, but failed.

Various sheets of information are attached to supplant this report.

Contacted relatives, obtained positive identifications. Took statements including one from Camille Quinn, wherein she admitted har part in the death of Sue Shutkovski.

Turned case over to Deputy Coroner Tom Verhagen, along with evidence. He will prosecute in order to instituitionalize subjuct.

On 09/07/72, two women came to the Motel. One of them stayed in the car and the other one came into the office. This was at about 2:30 or 3:00 P.M. The one who came in paid $36.00 in advance for six days rent. She said they were going to school and didn't want to be bothered. On Sunday morning at around 11:00 A.M. when Leo and I went out to do the rooms, one of them was looking in the car for something. I asked if they wanted me to pick up the towels and she said no. She said she was looking for a hot pad. I offered my heating pad and she accepted. I asked if there was anything else and she said no, they did not want to be bothered. I talked to both of them when I knocked on the door and handed in the heating pad. This is the last I saw of them. The rent was due on Wednesday the 13th but Leo and I were gone to Appleton that day. This morning at around 11:00 A.M., I went to the room and knocked on the door. There was no answer so I called the police. I did not see anyone visit them or go near the room. I didn't see which one was taken to the hospital. The one who signed in had short straight black hair. I never got a good look at the other one. She appeared to have black

hair too. Both wore slacks and loose shirts or blouses at check-in time. I don't know if they left the room or not after I saw them on Sunday Morning. The woman who signed signed in as Camille C. Quinn and wrote in the other name on the card. When she checked in she said there will be a letter coming. She spoke normally, that is, normal conversation. A letter came on Wednesday morning at about 11:00 A.M., It put it inside the door of their room, between the doors, on the handle of the inside door. The letter was still there today when I bacame worried and called the police. Their car seems to me to be parked in the same place as it was Sunday. The other name registered on the card was Sue Schutkouske, 829 15th Avenue, Green Bay. Car is a 67 Chev F-60087.

This occurred in the City of Kaukauna, County of Outagamie, State of Wisconsin. I have read this statement, and it is true to the best of my knowledge. Any erasures, strikeouts, additions, or corrections have been initialed by me. No threats or promises have been made to me to write and give this statement.

On the afternoon of 15 September, 1972, I went to the Kaukauna Community Hospital with Lt. Ball of the Kaukauna Police Department to identify a person who had been taken there earlier. I saw this person and believe her to be Camille C. Quinn. I am a secretary for Dr. Weissler in Appleton. Camille Quinn and Sue Shutkouski both came into the Dr's office on occasion for psycho-therapy. Both of these people wrote letters in thepast to the Dr. Most were requests for more medication and he had to put tight controls on this. Sue would write regarding Camille and Camille about Sue. The letters were usually quite desperate. They were both taking deprol and doriden.

I am Tom Verhagen of the Sheriff's Department. We are at Kaukauna Community Hospital, Room 245 for a statement from Miss Camille Quinn. The time now is 10:57 a.m. I am Tom Verhagen acting as Deputy Coroner for Outagamie County.

Tom V. - Miss Quinn, before we start your questioning, we would have to advise you of your constitutional rights which we will explain and read to you now. The first one is you have the right to remain silent. Do you understand what that means?

Camille Q. - Yes, I do.

Tom V. - The second is that anything you say can and will be used against you in a court of law. Do you understand that?

Camille Q. - Yes

Tom V. - You have the right to talk to a lawyer and have him present with you while you are being questioned. Do you understand that?

Camille Q. - Yes

Tom V. - If you cannot afford to hire a lawyer one will be appointed to represent you for any questioning if you wish. Do you fully understand that?

Camille Q. - Yes

Tom V. - You can decide at any time to exercise these rights and not answer any questions or make any statements. Do you fully understand that? Would you want me to read that again to you?

Camille Q. - Make any statements

Tom V. - Right. It says you can decide at any time to exercise these rights and not answer any questions or make any statements. That means if we ask you some questions you do not have to answer it if you don't want to. If you feel as though you don't want to. You understand that? Right? Okay.

Now, Miss Quinn, you understand each of these rights which I have explained to you?

Camille Q. - Yes

Tom V. - Having these rights in mind do you wish to talk to us now or give us a statement?

Camille Q. - Yes

Tom V. - Okay. We can go back. Can you relate to us as to about the date or when it was when you were in this area or checked into this area motel?

Camille Q. - Today is Friday?

Tom V. - Right.

Camille Q. - It must be Tuesday, Monday or Tuesday. I don't know which.

Tom V. - Monday or Tuesday, but you

Camille Q. - I don't remember which

Tom V. -But you wouldn't recall the date as far as the calendar date?

Camille Q. - No

Tom V. - Okay. Can you explain to us why you checked into the motel or what you had been doing in this particular area?

Camille Q. - We were going to look for jobs.

Tom V. -Why do you say we were going to look for a job, meaning who?

Camille Q. - Sue and I. Sue Checofsky and I.

Tom V. - Okay fine. Did you look for a job in the area?

Camille Q. - Yes, I went out, I think it was Tuesday and I put an application in at the Appleton Memorial. I think it was Tuesday.

Tom V. - Did Sue go along with you at that time?

Camille Q. - No, because she has heart trouble.

Tom V. - She has heart trouble?

Camille Q. - Yes, she does.

Tom V. - Was she taking medication for heart trouble?

Camille Q. - No, because nobody ever believed her but it ran in her family. But she knew she had it and it runs in her family. Her father and mother died of it. And she really couldn't do heavy work.

Tom V. - Okay. Now after you put in your application at Appleton Memorial what date was that?

Camille Q. - Now this may sound silly but we both have been nuns and we have always wanted to be with God and so we thought that we could do it best by doing it ourselves.

Tom V. - By doing what yourselves?

Camille Q. - Well Sue she took deprol and she took ~~xxxxxx~~ I think about four doridan and she said she would know when she was asleep. And then she said she now wanted to suffocate her.

Tom V. - You had talked about this

Camille Q. - We had both planned on doing this and we were going to you know carry it out. We thought we would end up with God. But we didn't, she did but I didn't. So I, her and I found that she was sound enough asleep then I put the pillow around her head and sat on her chest until she stopped breathing. ~~X~~

Tom V. - She was breathing at the time that you put the pillow over her head?

Camille Q - Yes.

Tom V. - You are sure of this? Right?

Camille Q. - Yes

Tom V. - Okay, continue.

Camille Q. - And then I guess it was at least an hour and a half and then she didn't breathe anymore and then I knew it was time for me to do my job. So then I got out the razor blade and I was on deprol and she was on deprol too. So I slit my throat.

Tom V. - Where did you do this?

Camille Q. - I did it in the bathroom.

Tom V. - In the bathroom?

Camille Q. - Yes

Tom V. - Okay

Camille Q. - I started in the bathroom and worked my way around to the bedroom and then I knew I wasn't and then I got over to the side of the bed and leaned over so I ~~xxxxxxxxxx~~ would bleed enough and then I knew I wasn't bleeding enough to die so I still kept cutting and to as far as I could go and then I took about three, I ~~xxxx~~ had 3/4 of my deprol pills which I took and then she had about

Tom V. - By 3/4 of your pills you mean 3/4 of a bottle?

Camille Q. - 3/4 of a bottle but I do not know how many are in a bottle.

Tom V. - And then you said that is what you took.

Camille Q. - Yes, plus another fourth of hers - a half of hers.

Tom V. - How many pills do you believe that you took? Would you have any idea in respect to the bottle? Was it a prescription bottle?

Camille Q. - She only took, well she falls asleep easily so she doesn't really need much. She only took two deprol and about 2 doridan and about 4 deprol. And then she was sound asleep.

Tom V. - And that is when you said you did what you thought you had to do?

Camille Q. - She told me

Tom V. - How long do you remember what was going on?

Camille Q. - How long do I ~~xxxxxxxxx~~ remember what was going on?

Tom V. - Do you remember the police or anyone coming to the motel or you being taken to the hospital in the ambulance?

Camille Q. - No

Tom V. - Can you remember how long you were in the motel in reference to how many days before this took place?

Camille Q. - This is Friday. Today is Friday?

Tom V. - Today is Friday.

Camille Q. - And when did they bring me ~~xxxx~~ to the hospital?

Tom V. - They brought you here yesterday.

Camille Q. - Yesterday. That's when she found me?

Tom V. - Right. According to the people

Camille Q. - So when she found me ...and what did we do then. Excuse me. I'm trying to remember.

Tom V. - ~~xxxxxxxxxxxxxx~~ Maybe according to

Camille Q. - It must have been three or four days.

Tom V. - According to the people who run the motel they have you checking in on the 7th of September which would have been a Thursday.

Camille Q. - Thursday

Tom V. - Right. Now from that Thursday can you remember how many days as to when this happened?

Camille Q. - It couldn't have been Thursday because I went out and got a- put in my application at Memorial.

Tom V. - Do you know what day that was that you put in your application?

Camille Q. - I don't remember what day it was.

Tom V. - When did you make the plan to kill each other or attempt what you have attempted?

Camille Q. - Well it must have been Thursday night. That's when it happened.

Tom V. - Was that the same night that it happened that you made these plans for or were the plans made prior to this?

Camille Q. - Huh

Tom V. - Have you, was this a spur of the moment deal or had you talked about this prior?

Camille Q. - No, we had talked about it a long time ago. All our lives we had always thought about

Tom V. - How long did you know one another?

Camille Q. - 14 years

Tom V. - I see. Have you worked together?

Camille Q. - Yes

Tom V. - In what capacity?

Camille Q. - Well she was, well we actually haven't - while she was in the convent I met her in, I came out of the convent in '58 and she was in the hospital at St. Catherine's and I took care of her when she was there for heart trouble.

Tom V. - How would you come about taking care of her at the hospital?

Camille Q. - Because I was a nun there.

Tom V. - You were a nun and

Camille Q. - I was taking care of her when she was actually leaving her community.

Tom V. - Meaning that she was leaving

Camille Q. - her order. yes.

Tom V. - Okay.

Camille Q. - And then I left in '59 --- '58.

Tom V. - Okay, Miss Quinn, getting back to this particular evening when this took place had you talked about this prior during the day?

Camille Q. - No, we talked about it during the day morning and we were going to both do it. We had both planned to do it ahead of time. Even though we had long thought about it but we thought this was just as well the ideal time to do it.

Tom V. - Do you know what suicide is? What did Sue say when you were talking about this?

Camille Q. - Well she wanted to be with God and I wanted to be with God and this is what we had planned to do.

Tom V. - Whose idea was it to put the pillow over Sue's head?
Camille Q. - Sue's?
Tom V. - It was Sue's idea?
Camille Q. - She said it was the only way that she could ever be
Tom V. - That she could ever be what?
Camille Q. - She could ever ... you know ever die.
Tom V. - She felt that was her way to
Camille Q. - It was the only way she could die. Yeah
Tom V. - I see. Had she tried suicide before do you know? Had she ever cut her throat before do you know? Did she ever talk about that? What's the problem now? Did she ever talk about committing suicide before? Do you know if she ever attempted suicide before?
Camille Q. - I'd rather not answer
Tom V. - You'd rather not answer that?
Camille Q. - Right.
Tom V. - Can you tell us just as soon why you would not rather answer?
Camille Q. - Because if she is dead why should I answer?
Jim L. - I just wondered if you knew about it.
Camille Q. - Yes I know but I'd rather not answer.
Jim L. - How many pills did she take that night?
Camille Q. - She took two
Jim L. - She only took two?
Camille Q. - Two doridan and two deprol - four deprol and she said that would be enough to put her to sleep and it was because she is a light sleeper.
Tom V. - Did you see her take the pills?
Camille Q. - Yes
Tom V. - Then you would know exactly how many she took, correct?
Camille Q. - Yes
Jim L. - When she fell asleep tell us exactly what you did.
Camille Q. - when she fell asleep. When she fell asleep I put the pillow over her head and I sat on her chest and then I waited until she stopped breathing.
Tom V. - Did you hold the pillow down over her face or just put it over her face and then sit on her chest?
Camille Q. - No, I put it over her face and sat on her chest.
Tom V. - Then you did not sit on her face at all, correct?
Camille Q. - Did not
Tom V. - Then the pillow with the just the weight of the pillow itself was laying over her face.
Camille Q. - Yes
Tom V. - Did you take the pillow from her face after how - I'll rephrase that. After how long did you sit on her chest? Do you have any idea? And then did you take the pillow off? What was the length of time that you sat on her chest and what did you do with the pillow after that?

Camille Q. - Well, after I .. her stopped breathing then I just took the pillow off and I did what I did.

Jim L. - When you were sitting on her chest did she kick or anything and at anytime did she move her arms or move her head when you were sitting on her chest and the pillow was over her head?

Camille Q. - She said to go ahead and put it anyway.

Jim L. - Did she talk to you?

Camille Q. - Uh-huh

Jim L. - Tell us what she said.

Camille Q. - She said to.. just don't stop me.

Jim L. - You knew that she was going to die or you were hoping that she was going to die, is that right?

Camille Q. - Because that's because what she wanted.

Jim L. -Yes, I understand. How did you know when she was dead? Did she give a last gasp or something like that?

Camille Q. - She just stopped breathing. I couldn't hear her heart beat. So then I slit my throat and then I took all of the other pills.

Jim L. - Why didn't she... did she write a letter to anybody saying good-bye to them?

Camille Q. - Yeah, she left a note to her brother.

Jim L. - She left a note to her brother

Camille Q. - Ah-ha

Jim L. - Where is that note?

Camille Q. - It was left on the .. in the motel.

Jim L. - What did it say?

Camille Q. - I can't remember. It gave his address and phone number to call.

Jim L. - What kind of paper was it on?

Camille Q. - You know a small piece of, you know it comes in a

Jim L. - a binder

Camille Q. - a binder you know a small sized one.

Jim L. - But she didn't say that she loved him or she'd see him with God someday or anything like that, she just left his name, is that right?

Camille Q. - As far as I remember. I don't remember anything else, except his phone number and his address and his telephone number, so that they would know who to notify.

Tom V. - Did you write a note?

Camille Q. - Uh-uh, because I wanted them to notify him too because I know him.. I know their family better than my own. They accept me more than my own.

Tom V. - You originally were from where?

Camille Q. - Hayworth, Illinois

Tom V. - Hayworth, Illinois?

Camille Q. - Yeah and I was adopted and my parents were divorced and one runs one end of the state to the other. Neither have anything to do with each other or with me nor with my sister, or antying. So, Sue was really the only person I had.

Tom V. - Where was Sue originally from?
Camille Q. - I think she lived in Gary but that is not where she was really ~~from~~ born. She moved to Gary from .. it's a small town she said it a lot of times but I can't remember.
Jim L. - When they found Sue in the bed with you the pillow was under her head. After she died did you put the pillow back under her head and lay her straight in the bed?
Camille Q. - Uh-huh.
Jim L. - Why did you do that?
Camille Q. - Because I put her mother's rosary in her hand.
Jim L. - You put her mother's rosary in her hand?
Camille Q. - Uh-huh.
Jim L. - And why did you do that?
Camille Q. - Because she always loved her mother's rosary and she always kept it with her.
Jim L. - How about the crucifix? I think there was a crucifix around there. What was that about?
Camille Q. - Well I had the crucifix.
Jim L. - You had the crucifix, huh?
Camille Q. - Yes
Jim L. - So you laid her straight on the bed and put the pillow under her just like she was at a funeral home, is that right?
Camille Q. - Uh-huh
Jim L. - You didn't try to kill her on purpose. You did that just because she wanted to die and you were helping her commit suicide, is that right?
Camille Q. - We both wanted to be with God..
Jim L. - I understand that.
Camille Q. - I know it is hard for people to understand this but you try it and sometimes it works and sometimes it doesn't.
Jim L. - Do you feel Sue is with God this morning?
Camille Q. - They told me she was.
Jim L. - She's dead, you know. That's for sure. And you have faith that she is with God?
Camille Q. - Yes Then I am happy for her.
Jim L. - You are happy for her?
Camille Q. - Yes
Jim L. - Okay, you have given these statements to Deputy Coroner Mr. Verhagen and you would recognize that you didn't have to talk to him if you didn't want to, right? And you recognize that you could have had a lawyer present with you if you wanted one, is that right?
Camille Q. - Yes

Jim L. - But you didn't want a lawyer, is that right?
Camille Q. - No, I wanted to tell you the truth.
Jim L. - Everything you have told us ~~xxxxxxx~~ this morning is exactly the truth, is that right?
Camille Q. - As far as I can remember.
Jim L. - That is all we would ask. Now, that night before she took the pills, did Sue really know that you were going to help her die so that she could be with God?
Camille Q. - Before she took the pills?
Jim L. - Yes.
Camille Q. - Yes because she told me to put the pillow over her head. And that was the only way that she could die.
Jim L. - Had you and Sue taken some pills before that, I mean were you sort of high on drugs, shall we say before you made this idea to die?
Camille Q. - We hadn't taken any pills at all. Mine was really almost full and hers was almost ah maybe two or three out.
Jim L. - So you are sure that you were fully sane and competent and well and didn't drink any alcohol or anything?
Camille Q. - No
Jim L. - You knew exactly what you were doing as far as you were concerned, is that right?
Camille Q. - Yes
Jim L. - Okay. Now then when you finished, after you cut your throat then did you take some more pills yourself?
Camille Q. - Yes, I did.
Jim L. - Why because you weren't succeeding with cutting your throat, is that right?
Camille Q. - Yes because I knew I wasn't bleeding enough so I took all of her pills and I took all of mine and then I thought that would do it.
Jim L. - Is there anything else about this that you haven't told us about?
Camille Q. - No, that's all. But the car is still there.
Jim L. - The car is still there. You were waiting for a letter or something like that, is that right?
Camille Q. - A letter
Jim L. - Yes
Camille Q. - From Mother Rose.
Jim L. - Yes
Camille Q. - Yes.
Jim L. - Why were you waiting for a letter from her?
Camille Q. - We hoped maybe she would give us some money because we didn't any.

Jim L. - Okay. This morning at the place they got some letters this morning for you, from different places and they have been sent to all sorts of addresses, around the country. How did the postman know enough to send them to the Kaukauna Hotel? Do you understand what I mean?

Camille Q. - Which ones were

Jim L. - Here is a letter that was - they are all addressed in the first place to King's Highway in Dayton, Ohio. All right, and then apparently you weren't there so they forwarded it to Hayworth, Illinois and then it went to Mount Calvary, Wisconsin, then it went to Gary, Indiana. Then it got to the Kaukauna Motel.

Camille Q. - Because we had told Mother Rose to send our mail to- all our mail to her.

Jim L. - Okay, and Mother Rose is at Mount Calvary, right?

Camille Q. - Right.

Jim L. - And all of these things were there. Well these are your letters and we'll give them to you, you're Camille Quinn, right? Those two are yours and this one we will give to the brother of the other one. We'll leave those here for whatever good they are. Okay?
Do you have anything else that you want to tell us about this whole episode as to how you happened to get here that we haven't asked you about?

Camille Q. - I have nothing else to say. I told you everything.

Jim L. - Thank you very much. If you think of something else you tell the nurse and she will call one of us and we will come back and talk to you about it.

Camille Q. - Okay

Jim L. - Okay
